OIL and GAS NEWS.

Walter Coffey, a single man, to J. T. Coleman, Oil and Gas Lease, Part section 9 5s1e.

Donnie Holt, a single woman, to E. E. Elmore, Warranty Deed, Part section 21 3s2e.

E. A. Hopkins, a widow, to Millie Elledge, Warranty Deed, Lot 7, block 4, Providence.

Laura E. and J. B. Robertson to E. E. Chivers, Warranty Deed, Part section 35 4s2e.

W. L. Kearney and wife, Tirzah, to J. G. Watts, Warranty Deed, Lots 1 and 2 in block 53, Ardmore.

Sallie Thomas, Netsie Onsiyebbi, Liscan Sampson, Tobias Anderson, Thompson Battiest and Harlis Carn to J. S. Mullen, Warranty Deed, Part section 15 5s1e.

H. A. Fairchild, with the Magnolia Petroleum company, is here from Ada.

C. H. Butler, who is with the bank at Wirt, was in the city today.

The Okla Tex well in 9-7-2 is reported to be at a depth of 1900 feet.

J. N. Dyer is a visitor to the Ardmore oil district from Oklahoma City.

E. J. Bean and wife, Ettie to S. A. Williams, Quit Claim Deed, Part section 23 5s3w.

H. V. Ashley and D. W. Ashley, her husband to J. E. McCarty, Warranty Deed, Lot 5 in block 81, Ardmore.

F. L. Casey and M. L. Casey to J. L. Abernathy, trustee, Assignment Oil and Gas Lease, Part section 35 1s3w.

Ottillie T. Buckner to Miss Gertrude Wahldeich, Warranty Deed, Lots in Scully Oil Development company subdivision.

J. I. Murray of Coalgate, who has prospective oil holdings in Carter county, is an Ardmore business visitor today.

Mary J. Wynn, joined by her husband, Joe C. Wynn, to L. E. Jones, Warranty Deed, Lots 5 and 6, block 520, Ardmore.

In Marshall County.

Major John W. Ottley of Marietta passed through here yesterday en route to Marshall county, where he will do some geological work for his clients.

In Love County.

The new casing ordered for the Life Stake well in 35-62 east, has arrived and the well will be ready to begin making hole within a few days. The depth already attained is 2170 feet.

C. C. Simmons and J. E. Swindler of Tulsa are here the guests of C. D.

Paine of the Frick-Reid Supply company. These men are spending the day in the field in the interest of their company.

Delay East of Healdton.

It is reported that the Watchorn well in section 7-4-2 has a joint of casing lost in the hole. The chances are that the trouble will result in a prolonged delay here.

Near Lone Grove.

Spectator Petroleum company 1 35-4 east, has reached a depth of 3 feet. The formation is blue shale. The well is shut down for pump repairs. The pump is used in conveying water to the well.

Will Drill Deeper.

The announcement is made that the Oklahoma Star Oil company in 7-7-1 west will drill to a total depth of 2500 feet. The well is now 2,000 feet deep. The formations are favorable and many oil men are pleased with this announcement, as they believe the chances are good for the finding of oil.

Scouting at Billings.

Walter Gant of the Plains Oil and Gas company has gone to Billings, where it is announced that the Mid Co Petroleum company will drill in its wildcat well in section 22-22-2w. A sand has been found here and it is not improbable that a pay well will be drilled in.

Built Ardmore Refinery.

O. B. Males of the Ardmore Refining company is here from Cushing. Mr. Males built the refinery here and is interested in seeing it succeed. His fondest hopes are being realized. The company is handling something like 5,000 barrels a day, and is finding a market for all the products it has.

Returned from Sad Mission.

Miss Mary Coogan has returned from Tulsa, where she went on account of the murder of her uncle, Chas. Vaughn, who was one of the most popular oil men in the upper fields. Mr. Vaughn was murdered by drunken negroes and one of them is on trial at this time and the officers are taking every precaution to prevent a necktie party.

In Fox District.

Franklin & Phillips are underreaming down the ten-inch casing instead of the eight-inch. They plan to set the ten-inch on top of the Gypsy gas sand. This well is getting in good shape and will be ready to make hole now within a very short time.

A Great Discovery.

Swollen hands, ankles, feet are due to a dropsical condition, often caused by disordered kidneys. Naturally when the kidneys are deranged the blood is filled with poisonous waste matter, which settles in the feet, ankles and wrists; or under the eyes in bag-like formations. As a remedy for those easily recognized symptoms of inflammation caused by uric acid—as scalding urine, backache and frequent urination, as well as sediment in the urine, or if uric acid in the blood has caused rheumatism, lumbago, sciatica, gout, it is simply wonderful how quickly "Anuric" acts; the pains and stiffness rapidly disappear.

The very best possible way to take care of yourself is to take a glass of hot water before meals and "Anuric," the discovery of Dr. Pierce of Buffalo, N. Y.

Step into any drug store and ask for a 50c package of "Anuric," which is many times more potent than lithia and eliminates uric acid as hot water melts sugar. A short trial will convince you.

IN CENTER OF FIFTEEN

Heavy Gas Production Where Owners Expected Oil Sand.

Section 15 and the Simpson sand are somewhat more of a puzzle today than they have been heretofore. The gas well belonging to Apple, Franklin, Johnson & Galt, located on the Ruby Ingram ten acres in the southeast of the northwest of 15-4-3, which places it near the center of the section, drilled through a very heavy gas sand at 1284 feet, and the drill went into blue shale. Where this heavy gas was found is probably where the oil should have been found. The well is underreaming through the gas sand and the owners remark that they will drill deeper to the "Apple & Franklin" sand. In other words, they will drill deeper to see if another oil sand cannot be picked up. The offset to this well on the east, which is located on what is called the Hivick 20 acres in the southwest corner of the northeast quarter of the section is at a depth of 1,200 feet. This well belongs to B. A. Simpson and his associates. The well has a fishing job where it is and it is not improbable that it will have to be abandoned. Like its offset this well has also found a very prolific gas sand and at its present depth is in that sand. This well is not quite to the level of the Simpson sand, but

ALEXANDER OF SERBIA, CROWN PRINCE, FIGHTS AGAINST BULGARIANS

CROWN PRINCE ALEXANDER OF SERBIA

Crown Prince Alexander of Serbia, son and heir of King Peter, has an important command in the Serbian army now operating against the Bulgarians, and friends of the young man say he shows great military ability. A British officer who arrived in New York on the White Star liner Baltic on his way to Halifax after serving eighteen months in the Mediterranean said that when he left Saloniki about July 25 there were over 500,000 British and French troops there in addition to the 150,000 Serbians who were brought over from Corfu.

The formations are so different that the owners scarcely expect to find the Simpson sand at the same depth it is found in the wells to the south and to the southwest. These wells make section 15 and the Simpson sand somewhat of a puzzle.

Wanted—Settled production from 100 barrels and up. Also would like to hear from producers who would be interested in combining their production with building of refinery and pipe line. We have Chicago capital interested. Terry & Brinkley, Guthrie, Okla. 9-1f

NOTICE TO THE PUBLIC.

Having had my hacks and equipment thoroughly overhauled, repainted and repaired I am again ready to wait on the public. I give prompt and courteous service to all and get you there and back on time. Phone 1026 for real service.

Newsboys Prohibited on Trolley Cars. Kansas City, Mo., Aug. 31—Newsboys are prohibited from selling papers on the street cars of Kansas City as the result of an order issued by the president of the Kansas City Railway company.

The order was the result of numerous requests and many letters received by the company. It was stated. The letters pointed out that the custom of the newsboys to hop on and off cars was very dangerous and often fatal. As the announcement of the company pointed out, the order was issued "solely in the interest of safety and public welfare."

Henley Store Opened Today.

The Ladies' Store on West Main street opened its doors for business today, and the proprietor, G. M. Henley, was extremely gratified at the business on the opening date. This is one of the newest stores in the city and promises to be extremely popular with lady shoppers.

The stock is all new, the fixtures are conveniently arranged, and altogether it is one of the most complete establishments in the city.

Just the Thing for Diarrhoea.

"About two years ago I had a severe attack of diarrhoea which lasted over a week," writes W. C. Jones, Buford, N. D. "I became so weak that I could not stand upright. A druggist recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. The first dose relieved me and within two days I was as well as ever." Many druggists recommend this remedy because they know that it is reliable. Obtainable everywhere.

NOTICE OF SHERIFF'S SALE.

In the district court for Carter county, state of Oklahoma.

Home Opening Sunday Afternoon

The Four New Bungalows Just Completed at The Corner of 4th and G Streets Southwest, Will Be Open For Inspection Sunday Afternoon From 2 Until 7 O'clock

The public is invited to drive out and inspect these beautiful homes. Music will be furnished and refreshments will be served to all visitors. These beautiful bungalows are the most modern the most critical architect can design and the best built that skill and labor can construct. Each have two to three rooms finished in oak and oak floors, breakfast rooms, sleeping porch, fine electric fixtures and beautiful decorations. (Same decorations as those used in the Cottingham and Bledsoe homes in Oklahoma City.)

These homes are built double throughout with double floors and double walls. All these homes are plastered—making the fire insurance one-fourth less than other houses.

Each home will have a garage and concrete driveway. Don't fail to drive out Sunday afternoon from 2 p. m. to 7 p. m. and inspect these beautiful homes. Some one will be there to show you through. For price and terms see
